* This deadline is also the delivery deadline for all print layouts/data transfers and the last possible cancellation deadline for all orders.

** Increased circulation for advertising campaigns at the start of the semester.

The publisher reserves the right to change deadlines.

Inserts are printed matter loosely enclosed in the magazine

Insert prices (per thousand copies)		Euro NJW	Euro JuS*
Total circulation:	Up to 25 g each	185.00	230.00
	Up to 50 g each	195.00	240.00
Partial circulation:	Up to 25 g each	225.00	–
	Up to 50 g each	235.00	–

* A partial circulation is not possible.

Postage	
Postage will be charged extra for posted magazines. This is EUR 15.00 per thousand assuming a weight of up to 25g per insert. According to postal regulations, printed matter that is not bound together is treated as two or more inserts.	
Price reductions and cash discounts do not apply to postal charges.	

Deadlines

Please see the schedule for acceptance and delivery times and cancellation deadlines for inserts – see pages 6 to 8.

Sample

The publishing house requests a sample (send your PDF-file to anzeigen@beck.de) with exact information concerning weight when the order is placed, however, at the latest by the final deadline for inserts. The order is only binding for the publishing house when a sample has been submitted and accepted.

Technical data

Minimum format: 105 mm x 148 mm
 Maximum format: 205 mm x 290 mm
 Paper weight for individual sheet inserts: minimum 115 g/s qm

Inserts must be closed on one side as the inserts are machine-inserted with the closed side parallel to the spine of the magazine. A concertina fold is not possible. Individual sections must be bound in such a way that they can be

further processed as one part. If difficulties arise, the completion of the circulation has priority over the insertion.

Positioning

No specific positioning can be guaranteed.

Reservation possibilities

Total circulation
 Partial circulation by postcodes
 The minimum circulation of a partial insert is 5,000.

Reservation and calculation example (for inserts up to 25 g)					
	Total circulation (units)	Required quantity (units)	Insert fees (Euro)	Postage (Euro)	Overall costs (Euro)
NJW	30,000	30,100	5,550.00	450.00	6,000.00
JuS	10,000	10,100	2,300.00	150.00	2,450.00

State: August 2018
 The circulation that is actually required must be agreed when the order is placed.

Delivery

The inserts must be properly packed, folded and in a condition that enables them to be machine-processed by the agreed deadline – see pages 6 to 8 – and delivered to:

Mayr Miesbach GmbH, Warenannahme
 Am Windfeld 2, 83714 Miesbach

It must be ensured that the inserts do not stick together. The individual layers have to be stacked in a handy size, depending on the extent of at least 50 copies or in layers of 8-10 cm grip / location level, uncrossed and not strapped.

Delivery documents

The delivery documents must contain the following information:
 The name of the magazine with issue number, the name of the insert, circulation and – in the case of partial circulation – the postcodes that are to be reserved. Without this information the printer cannot accept inserts.

Printing process	Offset
Raster	70
Print Documents	Text layout, logos/company symbols as full-tone templates or in different grey tones can only be accepted in digital format. It is important that you also send a proof or a file copy.
Data Transfer	Before transmitting documents please send your order and advertisement motif to our advertising department in Munich. fax +49 89 381 89 – 589 anzeigen@beck.de
E-Mail	anzeigenanlieferung@becksche.de
FTP-Server	In case your data file is too large to send it by e-mail or you regularly transfer data to us, you can get your projects on our FTP-server http://ftp.becksche.de upload. Send an e-mail to anzeigenanlieferung@becksche.de and we will set up your free access.

Delivery on CD-ROM/DVD and proofs
Verlag C.H. BECK oHG
Anzeigenabteilung
Wilhelmstr. 9
80801 München

In the case of ready-to-press-documents no proofs will be sent.

File format	PDF files (version 1.3), inseparate and printable, i. e.: <ul style="list-style-type: none"> • typefaces need to be embedded • resolution of halftones: 300 dpi, resolution of fulltones: 600 dpi • screen frequency 175 lpi • do not provide PDF files with manipulation protection <p>To download required job options at www.becksche.de. If possible, do not create PDF files from Adobe Indesign by PDF direct export. Please create a shipment directory including your full address and phone number: Customer_Magazine_Copy number. Please compress large files as .zip, .sea or .sit</p>
Colours	Euroscale (DIN 16539). Please create special colours (e. g. HKS or Pantone) in CMYK process colours (Euroscale).
Proof	An Ugra/FOGRA Media Wedge has to be placed on the digital proof. The Ugra/FOGRA Media Wedge (Version 3.0), which is intended for the monitoring of digital proofs, must not be written on, covered or damaged in any way. It is possible to upload ICC-offset-profiles of ECI recorded in the ISO 12647-2 series of standards (see www.eci.org)! Please choose the profile for the specific kind of paper (1 or 2) to be used (ISOcoated_v2_eci.icc)!

Guarantee (see also PT. 11)

The publishing house accepts no liability for incomplete or divergent data, that means:

- Open files are sent at the advertisers own risk.
- Advertisements, which includes special colours or RGB-process colours, will be created CMYK-process colours. In this case the publishing house accepts no liability for colour deviations.
- The publishing house accepts no liability for colour deviations in the print for layouts without colour proofs. Minor colour value deviations are within the tolerance level of offset printing.
